#### **UPDATE: Dometic Voluntarily Expands Refrigerator Recall**

7/28/2008

Dometic recently expanded its recall on a population of two-door refrigerators. The original recall included some two-door refrigerators manufactured between April 1997 and May 2003. The recent expansion of this recall now includes the same two-door refrigerators manufactured between June 2003 and September 2006.

To find out if your refrigerator falls within either of the recalls, visit [www2.dometicusa.com/recall.php](http://www2.dometicusa.com/recall.php) and enter the model and 8-digit serial number of your Dometic refrigerator. You may also contact Dometic by phone at 800-544-4881.

**The recall addresses a potential for these refrigerators to cause an RV fire when they fail, so it is critical that all RVers who have Dometic refrigerators check their serial numbers against the recall list and follow the recall instructions for affected units.**

#### **Norcold Voluntarily Extends Refrigerator Recall**

5/15/2008

We recently received this press release from Norcold and wanted to pass the information along. [http://www.escapees.com/hot\\_article.asp?ID=265](http://www.escapees.com/hot_article.asp?ID=265)

#### **Club News – Large-scale Dometic Refrigerator Recall Announced!**

by Mark Nemeth

Dometic Corporation is in the process of issuing recalls for over 900,000 RV refrigerators. The problem, a potential fire hazard, affects many refrigerators manufactured between 1997 and 2003. The following is excerpted from the National Highway and Traffic Safety Administration's website at [www.nhtsa.gov](http://www.nhtsa.gov). Read the rest [here](#).
