What better way to start of the New Year than with a helpful tip from Mark Nemeth, Escapees Technical Advisor and Boot Camp Instructor. Enjoy!

## RVing Checklists by Mark Nemeth

Every RVer needs a checklist! It will help you remember all the steps to get your RV ready to roll and keep you from leaving items behind. I replaced several water pressure regulators when I was on the road because I kept forgetting the darn things when I

left the campsite. Using a checklist to prep my RV for travel eliminated that problem!

You'll be happiest with a checklist that you have personalized to your own rig and habits, but you can always take an existing checklist and modify it. I just happen to have some pre-departure checklists available for download that I created for the RVer's Boot Camp program available at [www.escapees.com/bootcamp](http://www.escapees.com/bootcamp).

I also have some personal checklists from my camping and boating days available at [www.ccis.com/home/mnemeth/chklist.htm](http://www.ccis.com/home/mnemeth/chklist.htm). Hopefully, those will get you started on a checklist of your own!
