[Turkey Creek](#) is offering something new to help traveling Escapees who are trying to make their dollars go further — so come to Branson and stay longer! Secure your spot June 1 through August 31, 2009, with a three-month lease on a 30-amp site. The total cost for the three-month lease is only \$890.00, including electricity and cable TV. And you pay no sales tax that way! A three month lease will save you \$293.00 over the lowest available rates for the same period. If you prefer 50 amps, there will be some of those lease sites available for just \$90 more.

Whether you are coming for months on end or just a few days, you’ll enjoy all there is to do at this location. Turkey Creek RV Village brings in professional Branson entertainers who perform nearly every Wednesday night at no charge to park guests. They simply sell root beer floats and have a tip jar to help support the shows. They also have regular jam sessions, so bring your talent and your musical instruments and join in, or just kick back and listen.

There are a lot of things to do in Branson that don’t cost much, including hiking, biking, and fishing. In fact, you can fish right off Turkey Creek’s banks or launch your boat into the Taneycomo from the park’s own ramp! If you want to take a nice stroll, check out [Branson Landing](#) (just a mile away) where you can see free concerts, ride the free trolley, and see the free beautiful fire and light show that dances and delights the audience as choreographed music is played each hour on the hour.

Of course, if you actually want to spend some of your savings, Branson is one of the premier entertainment locations in the United States with over 100 shows, plus three huge discount (outlet) malls, and the fabulous Silver Dollar City. If you would like more information, you may call Turkey Creek at (417) 335-8004.

**Please note that due to Escapade traffic the standard first-in/first-out policy will not be enforced from May 4 - May 24, 2009. We suggest you call ahead to ensure space is available during that time period.**
