

# RVERS BOONDOCKING POLICY

**Dear Fellow RVers,**

As thousands of new RV enthusiasts join us on the road, it is more important than ever to be good stewards of our environment. Protecting and preserving our public lands should be our honor and must be our pledge. Whether we choose a national park, national forest, Bureau of Land Management (BLM) site, or other public lands, these practices always apply.

Remember, camping on public lands is a privilege, not a right. Abuse can create tighter regulations, raise maintenance fees, and have an overall negative impact on public lands and our ability to use them in the spirit in which they were intended. With the help and support of our advocates, the Escapees RV Club has created a condensed list of “Best RVing Practices” to ensure that our public lands will remain beautiful treasures that we can retreat to as we travel.

## *Public Lands Parking Etiquette* RVers Boondocking Policy

- 1. Respect the Rules of the Land.** Observe posted signs, obtain permits when necessary, follow usage limits, and camp only in designated areas and pre-established campsites, which vary depending on agency and state regulations. Bear in mind, some of these lands fall under federal laws, not state laws.
- 2. Treasure the Terrain.** Camp on durable surfaces. Avoid damaging surfaces or modifying terrain by digging, moving large rocks, cutting plants, etc. Stick to predesignated paths without widening them or creating new ones. Remember, there are native plants, organisms, and ecosystems that interplay here and can be easily damaged.
- 3. Respect Your Neighbors.** Avoid overcrowding an area or blocking your neighbors' view. Orient your RV so that your generator isn't directed at them and respect quiet hours. Rules vary but are generally between 10pm-8am. Maintain a tidy campsite. Keep noise to a minimum so everyone has a peaceful experience. Drive at a campground speed and be aware of kids, wildlife, pets, and your dust trails.
- 4. Respect Nature and Wildlife.** Keep pets under control and clean up after them, even in the wild. Don't entice, feed, or approach wildlife. Limit and eliminate use of pesticides. Check for burn bans; be mindful of firewood rules and make sure your fire is fully extinguished. (Remember, exhaust pipes on vehicles and generators can trigger fires.) Consider a propane fire pit that you can carry with you and snub out easily.
- 5. Pack it In, Pack it Out.** Keep your holding tanks closed! Secure fresh water from approved sources and dispose of trash respectfully in public trash receptacles. Lower your impact with bio-degradable products.

*Always leave the area cleaner than you found it!*

*Take only memories, leave only footprints.*

As RVers, we should be good stewards of the land to protect this privilege for future generations. Not following these practices can have serious consequences and could be detrimental to all RVers. Public lands can be closed to camping because of overcrowding, damage to the land, and guests overstaying the time limits. Following the best practices will help ensure that we all remain good neighbors to each other and the land. If you feel that someone is unaware of these practices, share these resources with them in a positive way.

**We wish you safe and happy travels,**
